WEEKLY THEME DESCRIPTIONS

July 10-13 Science- Little Scientist will have a blast! Each day will answer a new scientific question by conducting hands on experiments.

July 17-20 Little Chefs- Let's get cooking! Little chefs will cook up some tasty treats this week. Everyday children will mix up and create food like pizza, cookies and ice cream from scratch.

July 24-27 Art- Children will become inspired to make masterpieces as they learn about some of the world's most famous artists, various art styles and the different mediums used to create art. Each day children will be introduced to a new artist and create a piece of work in that artist's style. An art show for friends and family will held at the end of the day on Thursday of this week.

July 31-August 3 Amazing Animals- Join us as we discover the creature powers of some of our favorite animals this week. A special visit from our friends at Critter Squad will make your kid go wild!

August 7-10 Theatre and Dance- Children will use their imaginations to reenact their favorite fairy tales through dance and play. A special performance for parents and friends at the end of the week will have you cheering for an encore!

August 14-17 Yoga- Taught by Keely Totten, owner of KULE Yoga & Ayurveda. Move, breathe, and connect with friends through Yoga. Class will build strength, flexibility, and engage the five senses.

August 21-24 Sports Your athlete will "go for the gold" as we play sports and participating in athletic challenges. The week will conclude with the Sunnyside Olympics where each child will compete and receive a medal at our closing ceremony.
